2021-2022 EXPEDITION CRUISES

Dear Explorers,

It is our privilege to offer our guests unforgettable wilderness and cultural journeys that enable you to connect with nature, and learn about the local culture, wildlife, and history of your destination.

Experience true adventure and save with our new Buy One, Get One Half Off offer* on expedition cruises to some of our favorite destinations.

You are sure to enjoy dramatic beauty, fascinating wildlife, and activities such as hiking, kayaking, and snowshoeing on our adventures to Antarctica. The 2021/2022 Antarctica season also offers the amazing opportunity to view a Total Solar Eclipse. On December 4, 2021, weather permitting, guests can view the eclipse from the Scotia Sea, around the South Orkney Islands, near the Antarctic Peninsula. An astronomer will be aboard our two Solar Eclipse expedition cruises to provide insight into this extremely rare phenomenon.

Encounter the stunning nature and enchanting beauty of our home, Norway. Rooted in a coastal legacy dating back to 1893, our expedition cruises showcase unparalleled knowledge of local nature and culture as we immerse our guests in Norway's hidden gems and natural highlights.

Expand your adventures by exploring the wild and remote frontier of Alaska's stunning fjords, bays, glaciers, and mountain ranges, and visit colorful historic towns and indigenous communities along a rugged and diverse shoreline.

On our Antarctica and Alaska expedition cruises, you can sail on MS Roald Amundsen, or, in Antarctica, sail on her sister ship, MS Fridtjof Nansen, the world's first hybrid electric-powered cruise ships. MS Roald Amundsen was recently included in Condé Nast Traveler's 2020 Hot List as one of the Best New Cruise Ships & Itineraries in the World.

We provide all the equipment you'll need for optional and included excursions, including a wind- and water-resistant jacket, trekking poles, rubber boots suitable for hiking, snowshoes, and all kayaking equipment.

Book by October 31, 2020, to take advantage of our Buy One, Get One Half Off offer on select expedition cruises to Antarctica, Norway, and Alaska. Contact your trusted GLP Advisor for more information!

DISCOVER ALASKA

—Experience legendary wilderness, fascinating culture, and diverse wildlife in the wild and remote frontier of Alaska.

See the highlights of the famed Inside Passage before discovering old-growth forests and dense rainforests with plunging waterfalls. Listen for calving glaciers feeding icebergs into the sea, and watch for brown bears as they forage along the seashore for clams and fish. Learn about Alaska's indigenous culture and history, as well as Alaska's gold rush period. Even observe an active volcano on our most far-flung adventures in the remote, volcanic Aleutian Islands.

DISCOVER NORWAY

—Travel the narrow arms of fjords sprinkled with waterfalls and jagged mountain peaks plunging into beautiful blue waters. Observe remarkable wildlife while navigating Norway's magnificent coastline.

These expedition cruises make the most out of the season in which you travel. Winter voyages will seek the ethereal Northern Lights, where ribbons of color blanket the starry sky, while summer voyages enjoy the long, leisurely days of the Midnight Sun. And with multiple opportunities to hike, and participate in a wide variety of optional excursions in various ports, you can explore the glorious Norwegian coastline in an active, immersive way.

NORTHERN LIGHTS PROMISE

Hurtigruten is so confident that the Northern Lights will make an appearance during your winter cruise with December through February cruise departures, that if they don't, we'll give you a complimentary expedition cruise in Norway the following season.*

*FULL TERMS AND CONDITIONS APPLY. **CONTACT YOUR TRUSTED GLP ADVISOR** FOR MORE INFORMATION.
